WHAT

Producing luxury high-end interiors for residential, hospitality and commercial projects in Dubai, Saudi Arabia, South East Asia and Africa, Davide uses decades of expertise and experience from around the world to deliver opulent and multi-purpose interiors that enhance their clients' lives. Founded in 2019 and established in Dubai by Italian born and bred designer, Davide Algranti.

HOSPITALITY

Founder & Director

Davide Algranti

Davide is an accomplished architect with over 20 years of experience in concept design, urban planning, architectural and interior design. He has lived and worked in the USA, Europe, Australia, China, Middle East and Africa, working on a diverse range of projects, often as a team leader, always as a team player. His experience includes large scale urban development, mixed-use commercial, waterfront developments; government buildings, sports and convention/exhibition centres; and a full range of interior projects focusing on corporate headquarters and hospitality.

Davide has a strong dynamic personality, he is a dedicated mentor and a proactive director with excellent experience in leading medium to large multicultural teams through different phases of each project across the different disciplines: urban planning, architectural design and interior design.

Early involved from RFP to feasibility studies through the tendering phase, into FF&E specifications, value engineering, site management and project coordination the entire process is carefully developed and guided.

Flare by Preciosa

Crystal Valley, Czech Republic

Status: Available on the market
Scope: Product Design: Lighting
Client: Preciosa

Shining with sparkle and flair, Flare's hand-blown crystal is precisely cut to encourage the dispersal of light. Captivating patterns enhance the crystal brilliance of the glass while emphasizing the gold plated body. Flare's three styles may be hung as one, in variety, or in a grand arranged scheme. In this design the precision cutting of the hand-blown crystal defines the dispersal of light. The light splinters out from the three types of cut, creating captivating patterns and enhancing the crystal brilliance of the glass. The three styles may be hung in variety, as one, or in a grand arranged scheme.
