WHAT

Producing luxury high-end interiors for residential, hospitality and commercial projects in Dubai, Saudi Arabia, South East Asia and Africa, Davide uses decades of expertise and experience from around the world to deliver opulent and multi-purpose interiors that enhance their clients' lives. Founded in 2019 and established in Dubai by Italian born and bred designer, Davide Algranti.

CORPORATE

Founder & Director

Davide Algranti

Davide is an accomplished architect with over 20 years of experience in concept design, urban planning, architectural and interior design. He has lived and worked in the USA, Europe, Australia, China, Middle East and Africa, working on a diverse range of projects, often as a team leader, always as a team player. His experience includes large scale urban development, mixed-use commercial, waterfront developments; government buildings, sports and convention/exhibition centres; and a full range of interior projects focusing on corporate headquarters and hospitality.

Davide has a strong dynamic personality, he is a dedicated mentor and a proactive director with excellent experience in leading medium to large multicultural teams through different phases of each project across the different disciplines: urban planning, architectural design and interior design.

Early involved from RFP to feasibility studies through the tendering phase, into FF&E specifications, value engineering, site management and project coordination the entire process is carefully developed and guided.

COMPLETED

Status: On-Going
Area: 890sqm
Scope: Full Scope Interior Design
Client: Emirates Airlines

After the entrances to the First & Business Class lounges have been re-located, just before their opening, their new arrangement was not up to a standard. Our office has been approached to provide design solution for the both entrances. The lounges operate 24 hours a day, making the task of remodelling particularly challenging. Additional challenge was the fact that the business class entrance has to accommodate for large flow of passengers during the morning peak hours.
