Bianco Italy

THE FLAGSHIP STORE

DUBAI, UAE

The Alchemy of Gelato

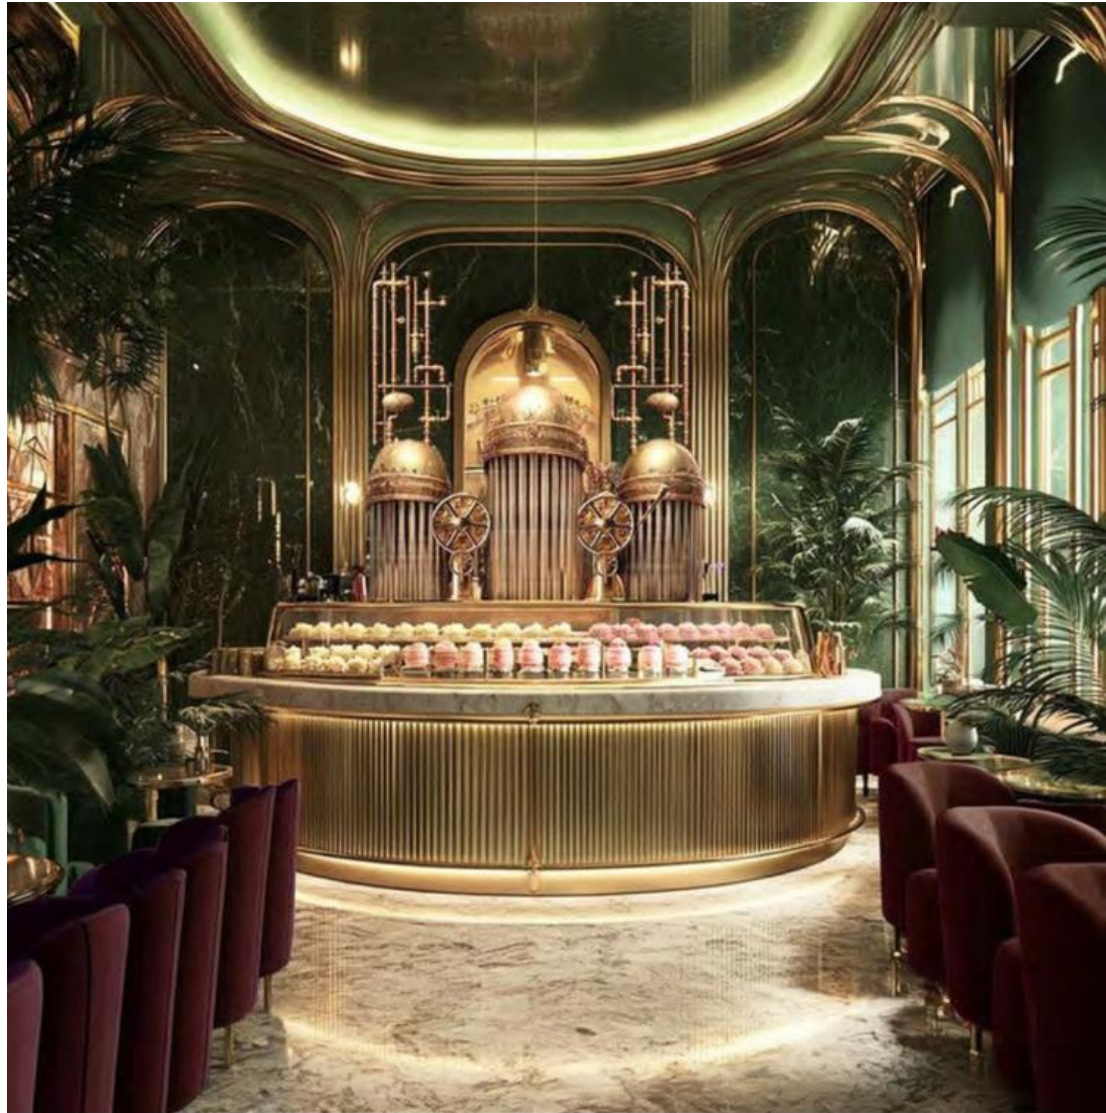

Status: Coming soon
Area: 350 sqm
Scope: Interior Design
Client: Bianco Italy

Bianco Italy's flagship is a sensorial sanctuary merging romance with spatial transformation. Inspired by a mythic love story, the interior elevates gelato into a "love letter." The palette draws from alchemy, using circular motifs, bespoke metals, and ethereal lighting to transmute simple ingredients into emotion. Evolving from a boutique shop to a lifestyle destination, the design weaves narrative into materiality, defining an elevated aesthetic for the brand's future.

Daniel's Room

DUBAI, UAE

Status: Completed
Area: 80 sqm
Scope: Interior Design
Client: Daniel Arsham

Daniel Arsham is a multidisciplinary artist whose work blurs the boundaries between art, architecture, and archeology. Known for his signature “fictional archeology”, he reimagines everyday objects as if they were relics unearthed from a distant future eroded, crystallized, and suspended in time. Through a muted palette and mineral-based materials, Arsham creates a poetic tension between permanence and decay, offering a quiet reflection on memory, culture, and the passage of time.
